Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner requested and received Attorney approval to incorporate the following claim amendments via Examiner's Amendment, which would place the instant application in condition for allowance: (1) To incorporate the claim limitations of claim 18 into independent claim 12 (this amendment would further define the oil component) and (2) To incorporate the claim limitations of claim 24 into independent claim 12 (this amendment would further define the semi-permeable membrane component). Attorney agreed to the proposed suggestions made by the Examiner. Examiner will incorporate the claim amendments through an Examiner's Amendment. A Notice of Allowability will soon be issued.
